ALWAYS COOLER

# BLUGLASS TOWER FROM COLD TO SUPER HOT

The ultimate multi functional tap for those who demand elegance, performance, and complete water solutions

## Engineered for excellence Crafted for demanding spaces

Discover the **Blupura Super Hot Bundle**: the **Blusoda Box Super Hot** undercounter unit paired exclusively with the **Bluglass Tower Super Hot** tap.

Cold, sparkling, and extra hot water **up to 98°C** — all in a compact, premium-grade system made for high-traffic offices, boardrooms, hotels, and hospitality venues.

**Designed in Italy**  
**Trusted worldwide**

# Two Components One Integrated System Maximum Performance

This is not just a tap and a chiller. It's a fully optimized water delivery system.

The Blusoda Box Super Hot is engineered to work exclusively with the Bluglass Tower Super Hot, ensuring seamless compatibility, safety, and superior performance.

---

Hot water up to 98°C – perfect for tea service

---

Instant cold and sparkling water

---

Undercounter unit saves space, enhances style

---

Fast, safe, and intuitive operation

---

Made of stainless steel and tempered glass, ensuring excellent hygiene and easy surface cleaning

---

Convenient dispensing height (260 and 319 mm) accommodates cups, glasses, and bottles

---

Optional UV-C LED filtration for enhanced hygiene

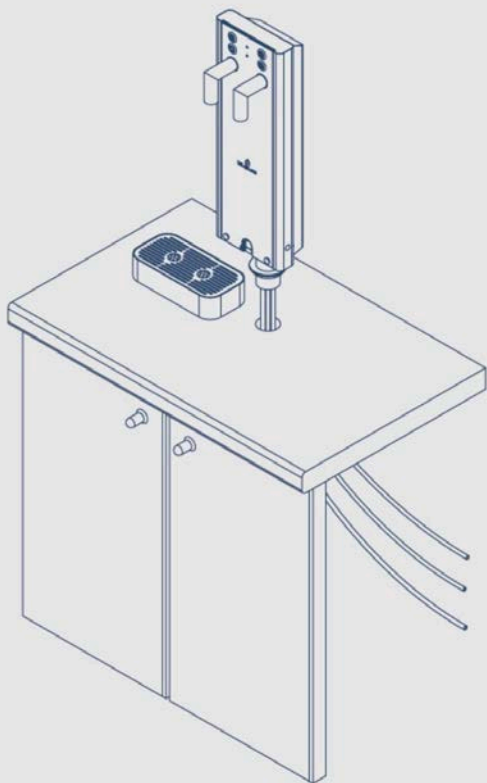

## INSTALLER BENEFITS

One-hole setup: all water and drain connections through a single Ø50 mm hole

LED alerts: fast diagnostics via blink codes

Easily accessible and inspectionable boiler for simpler maintenance and descaling

Dual water inlets allow for the installation of separate filters for hot and cold water

## Built for installers. Optimized for technicians.

From installation to maintenance, every detail of the Bluglass Tower Super Hot is designed to make your job easier. With all connections through a single hole, dual water inlets for separate filtration, LED-based diagnostics, and a boiler that's easy to inspect and service, this system simplifies setup and service without compromising on hygiene or performance.

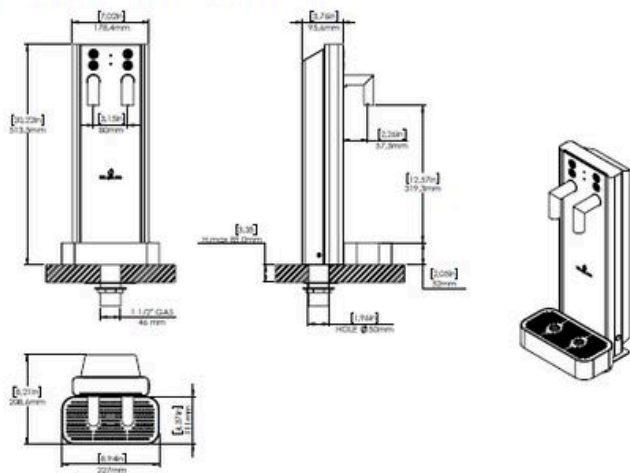

# BLUGLASS TOWER

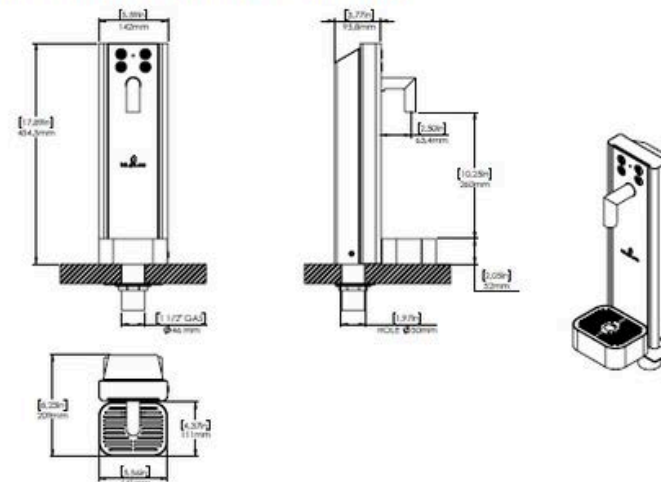

Technical data sheet	Bluglass Tower Super Hot	Bluglass Tower One Super Hot
Power supply	24VAC 50/60Hz	
Power consumption	14W 1,2A
