DESIGNED TO MEET EVERY SET OF REQUIREMENTS IN THE CATERING WORLD, THE FONTEMAGNA FAMILY IS THE FINEST ENCAPSULATION OF TECHNOLOGY AND DESIGN.

Fontemagna is the progenitor and the standard-bearer for Blupura quality and success around the world. A fully-fledged, high-end water cooler which is unrivaled in terms of innovative, high-tech features and solutions.

Extremely easy to use and clean for maximum hygiene. Fully stainless-steel construction, unrivaled performance and an unmistakable design, which has now become an icon in the industry. Everything is designed and carefully studied to provide the best user experience for everyone, from the practical and durable stainless steel buttons to the accessibility ensured for people with disabilities.

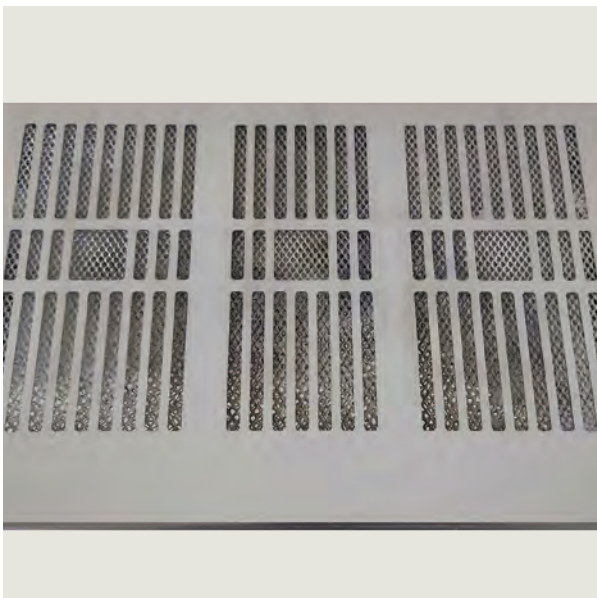

The success of Fontemagna among hospitality professionals depends on many reasons. One of these is the excellent quality of sparkling water: available in unlimited quantities, fresh, and at the desired level of carbonation.

The keyboard of the Fontemagna Light 3.0 model is characterized by "anti-vandal" buttons made of stainless steel that guarantee maximum functionality and security. The ideal solution for cafeterias and production areas.

Highly functional drip tray thanks to its distinctive design which protects from accidental spillage of water.

OPTIONAL: The UVC LED lamps on each dispensing zone have a sterilizing effect and prevent bacterial proliferation by directly targeting bacteria, viruses, and other microorganisms.

Natural Gas

An environmentally friendly choice, with the benefit of a more silent compressor.

Fontemagna is equipped with Portion Control technology (volumetric portioning), which allows for customizing doses for an even more convenient dispensing.

Control panel equipped with mechanical buttons in stainless steel or a glass interface, easy to use and hygienic thanks to "touch-sensitive" commands.

Entirely made of stainless steel and aluminum.
